About Jacksonville

Jacksonville is a great place to live and own a business! We have huge beautiful oak trees, the St. Johns River (watch out for the Manatees), the Atlantic Ocean and a little cooler weather than our neighbors to the south. We have great restaurants, great beaches and a nice blend of people from all over the country.

Affordable Water has been helping the good people of Jacksonville with their Hard Water for over 20 years. We look forward to helping you with your water!

Luxury waterfront shopping, high-end recreation and world-class medical care make coastal Jacksonville, Florida a unique metropolitan city. Home to the famed Mayo Clinic, the city enjoys recreation along the St. Johns and Trout rivers as well as the Atlantic waterfront. The family-friendly and arts-centric city hosts the Jacksonville Film Festival each May and hosts fitness fans at the nation's prestigious annual 15K, Gate River Run. We are surrounded by the Atlantic Ocean, The St. Johns River, Intracoastal Waterway, Trout River and Ortega River. This is quite the river city, which opens up into the Intracoastal Waterway and Atlantic Ocean near the Mayport Navy Station. Weather in this part of FL is gorgeous 8 months of the year & the other 4, well, it's boating season and beach season...not much to complain about. Jacksonville is not in the normal path of frequently brewing hurricanes and so your waterfront real estate investment will be a solid investment, both financially as well as offering you a clean, relaxed, healthy lifestyle, here, on or near the water.
